Desired employment

Senior Business Intelligence Developer – Telecommunications / Analytics

Work experience

Dates: **09/2022 – present**

Occupation or position held: **Business Intelligence Developer**

Name and address of employer: Helvetel Communications SA, Chemin des Années 12, 1219 Le Lignon (GE) – Telecom operator, mobile & fixed broadband

Main activities and responsibilities:

- Design and maintain the enterprise data warehouse (Snowflake) fed from billing, CRM (Salesforce) and network KPIs.
- Develop dbt models and Power BI semantic models used by 250+ business users (Sales, Customer Care, Finance).
- Main project – **“ChurnRadar”**: churn-prediction dashboard combining contract data, dropped-call rates per cell and complaint tickets; the retention team uses its weekly risk list, contributing to a 1.8-point reduction in postpaid churn in 2024.
- Main project – **“Project Lighthouse”**: migration of 420 legacy SSRS reports and an on-prem SQL Server DWH to Snowflake + Power BI; led the finance workstream (revenue assurance reports), decommissioned 70% of reports as obsolete.

Dates: **03/2020 – 08/2022**

Occupation or position held: **Junior BI Analyst (internal transfer from Finance)**

Name and address of employer: Helvetel Communications SA, Le Lignon (GE)

Main activities and responsibilities:

- Built monthly ARPU, roaming revenue and interconnect cost reports in Power BI and SQL.
- Automated the reconciliation between billing system and general ledger (Python + SQL), saving ~5 days of work per month-end close.

Dates: **01/2016 – 02/2020**

Occupation or position held: **Financial Controller**

Name and address of employer: Genova Logistique SA, Route des Jeunes 43, 1227 Carouge – Freight & logistics

Main activities and responsibilities:

- Monthly closing, budgeting and forecasting for 3 business units (CHF 85M turnover).
- Designed the company's first KPI cockpit in Excel/Power Pivot – the start of my move towards data & BI.
- Key user in the SAP S/4HANA FI/CO implementation (2018–2019).
